Dear Students,

In your hot pursuit of quenching your creative thirst, I would be more than glad to welcome you to SIVAS. A perfect choice for the scholars, enamoured by the colourful world of creative arts, interior design & decoration, multimedia and computer aided graphics. The vibrant world of SIVAS provides you the total solutions in the field of creative education like Interior designing, creative applications etc.

The spectrums of learned faculty constantly encourage new ideas and inculcate in you a spirit of entrepreneurship. In our endeavor to ensure academic excellence, we provide you with the highest quality resources, infrastructure, latest technology and fieldwork assignments, enabling you to counter the practical World outside. Our humble but sincere approach has gained us few of the reputed corporate, industries, builders & architects as our customers with value added students as our products.

I am confident that students who complete the course at SIVAS will definitely have a cutting edge over value based education through intensive practical training, assignment, seminars, fieldwork, projects, study tours and therefore they will have greater confidence and practical approach to the various requirements in the competitive World.

Interior Design & Decoration is not a course limited to textual inputs, but encompasses a way of life. The corporate relations developed by us provide platform for our students to interact with the corporate World. Founder Trustees have wide contacts with the industries and business houses and hence we actively arrange campus interviews for students with leading industries and business groups for potential employment to the students trained at SIVAS. Our students can pursue various value added programs like Landscape designing etc. alongwith their professional course.

I on behalf of SIVAS family appreciate and welcome your decision to join our united family.

Suryadatta Institute of Vocational & Advanced Studies (SIVAS) Suryadatta Institute of Design

The goal of Suryadatta Institute of Vocational & Advanced Studies (SIVAS) is to provide excellent facilities for the professional and specialized training in Interior Design & Decoration a contemporary vibrant and interesting field that offers several dimensions and perspectives.

SIVAS - SADASHIV PETH CAMPUS

Director & Chief Mentor

Ar. Kalpana Nagarkar
Director - SIVAS

Welcome to all the future interior designers.

SIVAS offers students creative abilities and excellent interpersonal skills. Here they are moulded into professionals and organised people with a great attention to detail. In terms of technical skills, these students acquire the ability to be proficient in design software applications taught in our well equipped computer laboratories and are capable on completion to embrace careers as interior designers, landscape designers, event planners, exhibitions designers, set designers or even pursue the various master's courses. Students are benefitted from our experienced staff, our industry interface and wide practical exposure imparted here. Our Alumni of over 2000 freelancing all over the nation are proof of the same.

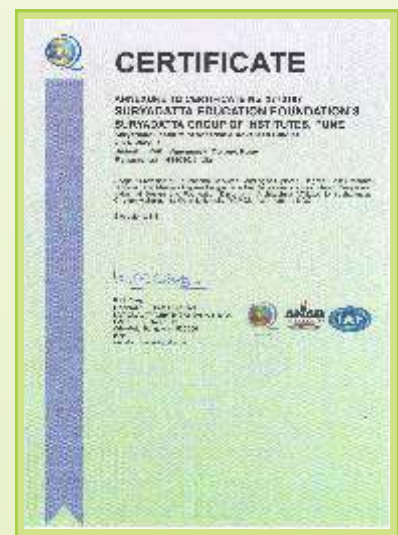

Prof. Ajit D. Shinde
Chief Mentor

Dear Student

India has emerged as the favored destination for international brands. The last decade has seen a boom in the world of designing in India too. There is a huge demand for trained professionals who know not only the needs of the Indian industry but international trends too. We provide design courses with practical exposure to prepare you to get a break in this extremely competitive industry. The training provided by our dynamic team of professionals will provide the right direction to your career in Designing and Architecture.

The entire staff at Suryadatta is committed to offer the Designing knowhow to students. We wish the students an excellent Design career.

GLIMPSES OF PATRIOTIC PROGRAM

Spreading awareness against the menace of terrorism has become vital in today's context. Suryadatta is always on the forefront of giving such food for brain to young professionals pursuing education at Suryadatta. This time also, Suryadatta had invited many such luminary in the field who shared their success stories with students and their thoughts on the topic of movement against terrorism and socialism amongst students.

Hon'ble Shri. M. S. Bitta, Chairman, All-India Anti Terrorist Front who also recently visited Suryadatta Campus is a true source of inspiration. Only a soul of his resoluteness who has earned the name "Zinda Shaheed" could withstand such a tragic onslaught.

These special programs are specially arranged at Suryadatta, Bavdhan Campus. Members of faculty and students of the Suryadatta Group of Institutes perform unique theme based programmes on Patriotism at such events.

CO CURRICULAR ACTIVITIES

As a responsible corporate citizen and Educational Institution, Suryadatta does not lag behind in promoting various social awareness programs and sensitizing and educating its students to be good corporate citizens.

Excellence, the hallmark of the Suryadatta Group's journey over the past decade, has found its fitting culmination in the instituting of the SURYADATTA LIFE TIME ACHIEVEMENT AWARDS and SURYADATTA NATIONAL AWARDS and appropriate for saluting stalwarts, renowned nationally and globally, for their passionate lifelong mission of making contribution towards the enrichment of society. So far Suryadatta has felicitated around 300 eminent personalities.

CULTURAL ACTIVITIES

Several cultural activities are conducted during the entire year in accordance with unique features of SURYADATTA SIVAS students excel in academics as well as cultural, this year SIVAS stood first in group dance.

GLIMPSES OF UNIQUE THEME BASED ANNUAL EXHIBITION “DESINO”

THEME BASED EXHIBITION ORGANISED BY SURYADATTA STUDENTS

To showcase the academic and extracurricular talent of the students every year, we organize a mega exhibition “DESINO”. It is a theme based exhibition by means of which students gets a vibrant platform to showcase their hidden talent and art. This exhibition also provides good opportunity to display their work and get the placement assistance as many Architects, Interior Designers, Builders, Suppliers, Service providers visit this exhibition.

Being a theme based exhibition, every year for the decorum, we have used various themes like E-Scrap, Seven wonders, Best from the waste, Garage, Ajanta caves, Palace, Reflection, Motion, Railway Station etc. Through the exhibition this time we tried to put focus on some of the topics like Scrap Management, Recycling, Reuse, Remove etc. These themes are adding unique identity and interest to the exhibition.

India is one of the oldest civilizations in the world, spanning a period of more than 4000 years, and witnessing the fusion of several customs and traditions, which are reflective of the rich culture and heritage of the Country. The history of the nation gives a glimpse into the magnanimity of its evolution - from a Country reeling under colonialism, to one of the leading economies in the global scenario within a span of Fifty years. More than anything, the nationalistic fervour of the people is the contributing force behind the culmination of such a development. This transformation of the nation instills a sense of national pride in the heart of every Indian within the Country and abroad, and our exhibition this year is a modest attempt at keeping its flame alive.

With great pleasure I would like to show this exhibition of creative works of our students representing the rich culture, patriotism and uniqueness of five states in India with the theme **“UNITY IN DIVERSITY”**.

Every year students and faculty members work day & night to make the event successful. During the exhibition student exhibit their projects, models, paintings, handicraft and portfolios. This event is open for all puneites. It has been receiving tremendous response every year. This is the most awaited event for all the students and faculty members.

It's easy to stop the 'wreckless' trend. But how easily can we do this and create something new out of old material and work?

Barry Scher, President of the American Society for the Study of the Life of the Mind, October 2007

have students making products like chairs, shoe boxes, birdhouses, furniture and much more out of items such as plastic, wood, cardboard and more. With up to 30 staffs, the playing, up to 200 projects, there is something for everyone there. Building projects made out of cardboard, chosen made out of cut-out pieces of colored paper, were also

One of the company products is the almost invisible "models" which look realistic (and aren't) as it reads: "The models have been made with the idea of getting them to generate new jobs or attract. We have made them from resin plastic and they would not melt. And to be sure to give them a realistic look, we have used real 'ice powder,'" says Paula Kutz, a naturalist at the company.

Shaping the mobile wasn't a simple task, though, explains Mikaela Sack, another second-year Bachelor of Design student. "There was a lot of trial and error and experimentation before we got the mobile in the right shape. We did a market survey and visited local shops and got a lot of ideas from there too. It took about three weeks to make the mobile, but it's a few things we learned from making them. For instance, we all got jealous of our friends while using the mobile, so we made sure that we could move around while using it and that there

The students of first-year Architecture began designing without a concern as to what they can gain in terms of how often to exercise and what better to do at the moment of stand the stress level of the world?

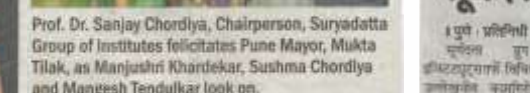

The structure made by the students (see the Eiffel Tower on page 10), is shown perfectly on both sides, meeting in the center, like a line in the air. It is done, then, in the center. "We said, 'Let's go to the structure, which we can build and attached here, but it's not designed to be in the center, it's getting it stand up on the side of the Eiffel Tower was the main challenge. It was often not created, or break and what could we have finally said to become it."

While many made models out of objects, some students wanted to make something we could actually use. For

MAKING OF “SURYARATH” IN 24 HRS

The singular purpose behind the making of Suryarath was “Save Environment; Save Planet” Initiative. The sole purpose of building this “Trojan Horse” using IT scrap was initiated and envisioned by the Dean Academics (Prof. Sanjay B. Chordiya) of Suryadatta Group of Institutes. He was the driving force behind this entire novel concept. Valuable contributions were made by famous artist Mr. Vivek Khataavkar and his son, Mr. Vipul Khataavkar as they guided the team through the entire process. Their expertise and timely support were instrumental in ensuring successful completion of this undertaking.

FUTURE PROSPECTS

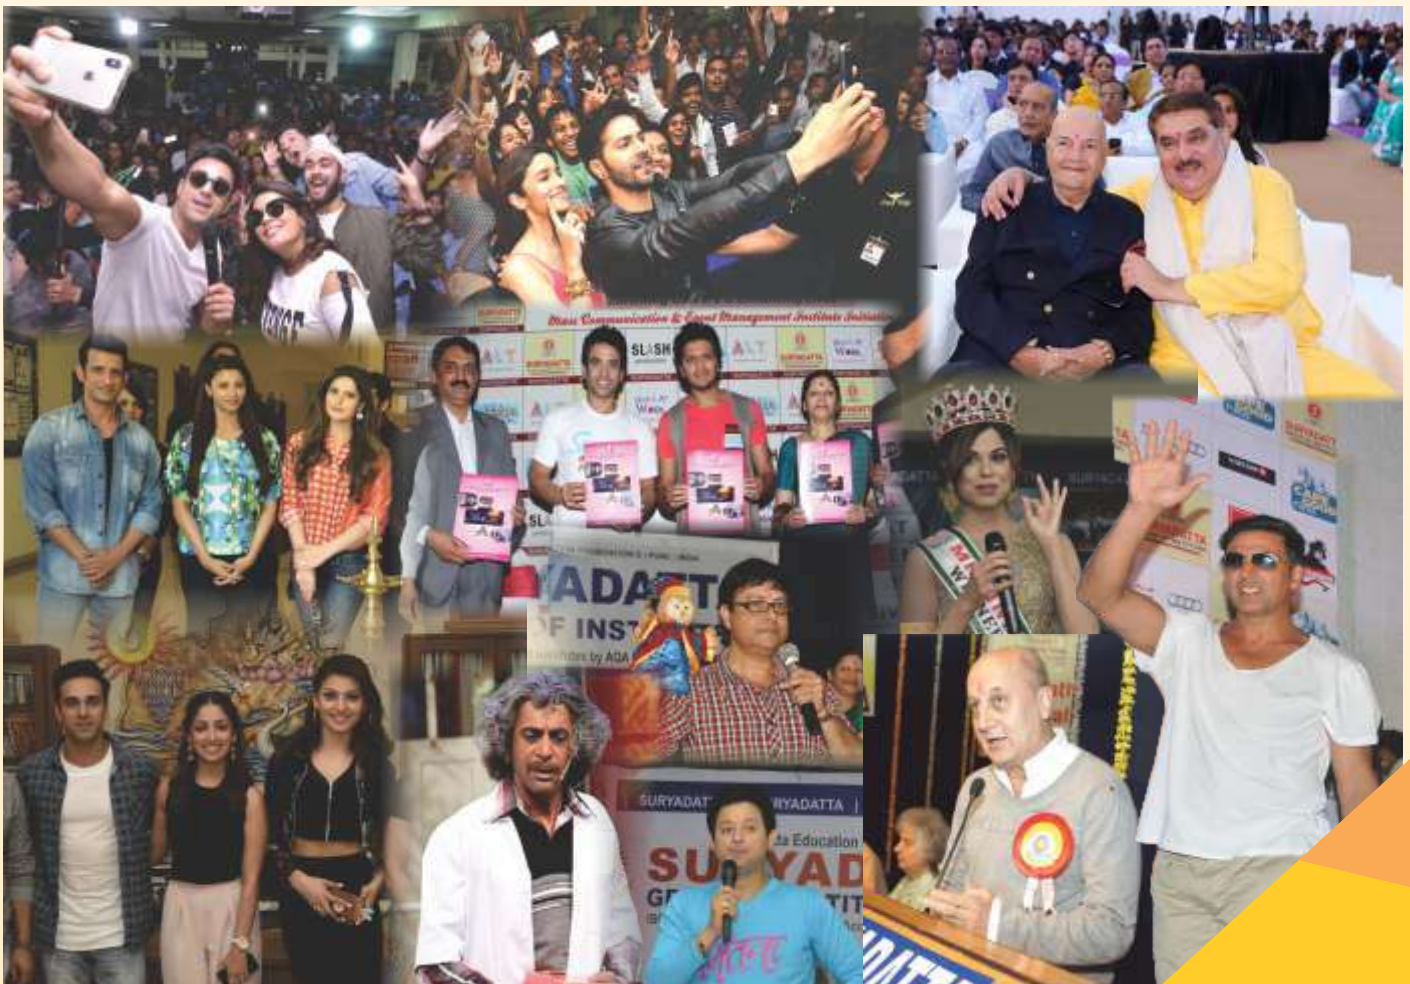

ENTREPRENEURSHIP, SELF EMPLOYMENT AND PLACEMENT OPPORTUNITIES

SIVAS has a Placement Cell to facilitate the students being employed in reputed Architectural and Interior Designing firms as well as known Builders. We guide the students to enroll with Institute of Indian Interior Designers (IIID) through which they can get the jobs in Multinational firms. Every year most of the students get placed through this Placement Cell.

- Students completing Interior Design can work with renowned product designer, Film Stage Designer, Architects, Interior Designers, Renowned developers, various National & Multinational Companies. They can also establish their own firms and can practice on their own.
- For further higher education students can join NID, IIT, CEPT or even can apply Abroad in various Universities.
- At SIVAS, we train the students with Professional approach so as to groom them successfully in their chosen field of Interior / Industrial Designing. After completion of the course, student can start their career in various sunrise sectors as :

Interior Designer	Project Manager	Industrial Designer	Landscape Designer
3 D Visualiser	Interior Consultant	Turnkey Interior Contractor	Product Designer
Set Designer	Estimator	Service Consultant	Visual Merchandiser
